

# DENNIS K. GEARY

PROJECT MANAGER PROFESSIONAL

## ABOUT DENNIS

Dennis is a highly successful Project Management Institute certified project management professional with over 20 years experience managing project teams at program and project management office levels with such companies as BNYMellon, Fidelity National Financial, Charles Schwab Bank, Ameriprise Financial, Apollo Education Group, Turner Communications and Black Box Corp. Dennis is accomplished in business process design, improvement, strategy and implementation. He has successfully implemented business process improvement programs that has accounted for significant cost and process efficiencies in companies across several industries. Dennis has established Project Management Offices, Corporate Change Management processes and procedures for several companies which elevated their process maturity while providing repeatable project success.

Dennis has project management experience in multiple areas within corporate finance such as financial modeling, project valuation, return on investment forecasting, utilizing earn value management to assure ROI and ERP implementation. Experience is spread over several financial institutions and corporate financial displaces such as cash management, account payable / receivables, inventory management as well as related areas specific to asset malmanagement, capital management, wealth management and asset servicing.
